COMPLETING YOUR TAE40110 CERTIFICATE IV IN TRAINING AND ASSESSMENT

The TAE40110 Certificate IV in Training and Assessment has been superseded by a new version of the qualification, the TAE40116 Certificate IV in Training and Assessment.

Updates such as this happen to all nationally recognised qualifications every few years to ensure that the skills and knowledge embedded in the training package is current.

Registered Training Organisations (RTOs), such as accessUTS, are able to continue to deliver, assess and issue the TAE40110 Certificate IV in Training and Assessment up until Oct 2017.

Please note the TAE40110 Certificate IV in Training and Assessment still meets the relevant requirement for workplace trainers and assessors as identified by the industry regulator, ASQA (<https://www.asqa.gov.au/news-publications/publications/fact-sheets/meeting-trainer-and-assessor-requirements>)

You will need to transition to the TAE40116 Certificate IV in Training and Assessment.

From Oct 2017 RTOs will have to deliver, assess and issue the TAE40116 Certificate IV in Training and Assessment, provided they have the new version on their scope of registration. Students who were enrolled in TAE40110 Certificate IV in Training and Assessment will need to be transitioned to TAE40116 Certificate IV in Training and Assessment.

We will do everything that is possible to make this transition as seamless and as fair as possible for all students.

accessUTS is currently in the processes of submitting an application to have the TAE40116 Certificate IV in Training and Assessment added to our scope of registration. Provided we have our application approved we will transition students to the new qualification from Oct 2017. However, there is a possibility that our application may be delayed or not approved by Oct 2017. This is because the application process is taking longer than expected for all RTOs applying for the TAE40116 Certificate IV in Training and Assessment.

If this was the case we would assist you in completing your TAE qualification with another RTO approved to deliver the TAE40116 Certificate IV in Training and Assessment..

Alternatively, you could wait until our application to deliver TAE40116 Certificate IV in Training and Assessment is approved and then transition to the new version of the qualification.

If the options for completing the qualification are not suitable to you we will arrange a refund for the training you have not yet attended and assist with you finding another provider suitable to your needs

What is the updated TAE40116 Certificate IV in Training and Assessment?

Qualification updates such as this happen to all nationally recognised qualifications every few years to ensure that the skills and knowledge embedded in the training package is current. This update involved making two previously elective units core units of the qualification core units:

- TAE40116 Address adult language, literacy and numeracy skills

Although , accessUTS was already delivering the equivalent units as elective units in our TAE40110 Certificate IV in Training and Assessment, we are unable to run the training till the new qualification has been approved.
